PERSONAL STATEMENT

I am a passionate full-stack developer with 2 years of experience, eager to contribute to innovative software and app development projects. Proficient in both front-end and back-end technologies like React, Node.js, MongoDB, and SQL, I enjoy building interactive, responsive user interfaces and crafting solid back-end infrastructures.

My goal is to contribute to projects that push the boundaries of what technology can achieve, all while delivering seamless, high-quality user experiences.

PROFESSIONAL EXPERIENCE

DEC 2022 -
JULY 2024

Lead Software Developer/Project Lead
Pro-Vision Innovation - Software development

PROJECT LEADERSHIP

- Managed and led multiple development projects from conception through completion.
- Coordinated with cross-functional teams, including UI/UX designers to ensure project alignment and timely delivery.
- Conducted project planning, scheduling, meetings, and resource allocation to meet project milestones and deadlines.
- Facilitated daily stand-ups, sprint planning, and retrospective meetings to maintain project momentum and address any issues.
- Developed detailed project documentation, including project plans, timelines, and weekly status reports.

FULL-STACK DEVELOPMENT

- Developed and deployed responsive, user-focused web applications using HTML, CSS, JavaScript, React, Node.js/NextJs.
- Collaborated with designers to create intuitive and clean interfaces, enhancing the overall user experience.
- Integrated RESTful APIs and worked closely with backend teams to ensure seamless data flow and functionality between front-end and server-side systems.
- Ensured technical feasibility of UI/UX designs and optimized applications for maximum speed, scalability, and performance.
- Conducted usability testing, gathered user feedback, and iterated on both the front-end and back-end to continuously improve user experience.

COMMUNICATION AND COLLABORATION

- Acted as the primary point of contact between the UI/UX team and other departments, facilitating clear and effective communication.
- Presented project updates, progress reports, and demos to stakeholders and executive leadership.
- Managed client relationships, gathering requirements and providing technical insights to align project outcomes with client expectations.

PROBLEM-SOLVING AND INNOVATION

- Identified and resolved complex technical issues and roadblocks, ensuring project continuity and success.
- Researched and evaluated new technologies, tools, and methodologies to continuously improve the development process and product quality.
- Oversaw projects in order to improve scalability, maintainability, and performance.

CODE QUALITY AND BEST PRACTICES

- Established and enforced coding standards and best practices within the front-end development team.
- Reviewed code contributions from team members to ensure consistency and adherence to best practices.
- Provided mentorship and guidance to junior developers, fostering a culture of continuous learning and improvement.

EDUCATION

2017- 2022   **Bachelor of Science (B.Sc), Human Antomy**
University of Nigeria, Nsukka.

SKILLS & EXPERTISE

- **Languages:** HTML, CSS, JavaScript, TypeScript
- **Frameworks**: React, Redux, jQuery, Tailwind CSS
- **Tools**: Git, Github, npm, ESLint
- **Design**: Responsive Design, UI/UX Design, Adobe XD, Figma
- **Others**: RESTful APIs
